# How do I
add a Bank account

1. **LOGIN** to *my*iFXBrokers

2. Click on "**YOUR BANK ACCOUNTS**" to access your bank account settings.

3. To add a new bank account, select the option to "**ADD A BANK**".
   NOTE: Make sure to have a supporting document ready for validating the banking details

4. Upload a bank statement or a bank confirmation letter that corresponds to the captured bank account number. This document will help validate your banking information.

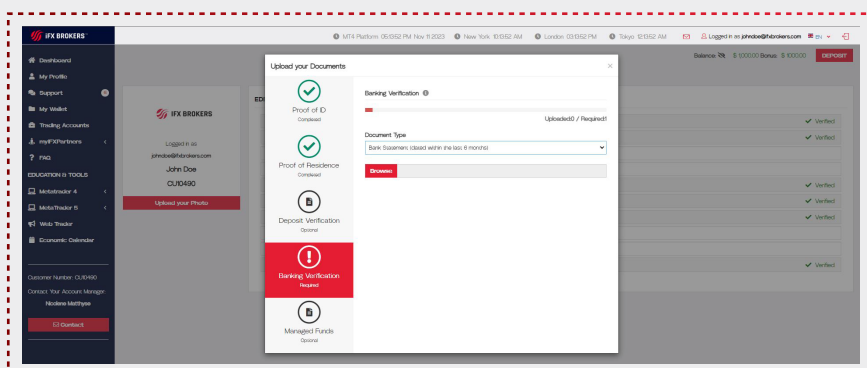

5. Now, go to the "**MY PROFILE**" tab. Within this tab, locate the section titled "**UPLOAD DOCUMENTS**" and click on "**BANKING VERIFICATION**"

6. From the dropdown menu, select the appropriate option for the bank account you have added.

NOTE: Ensure that you select the correct option from the dropdown menu to align it with the specific bank account you are providing documentation for.

7. Use the browsing function on your device to locate the desired document you wish to upload.

8. Once you have completed these steps, allow 24 business hours to verify your banking details.

Bank Verifications are executed from 8-16h00, Monday – to Friday.
A verification confirmation will display in your banking area (*my*iFXBRokers)
